

Iowa American Legion Candidate Endorsement Form

Any nomination for election to higher offices in the Iowa American Legion organization is made stronger and more effective thru the support of the Legionnaires at all levels of our organization.

We do not discourage candidates from running thru floor nominations, but we do highly recommend candidates utilize this form and the support system of obtaining endorsements from their Post, County, and District levels, as well as Department level for National office.

An endorsement is the formal expression of a post, county organization, or district to support a candidate for a particular office. An endorsement constitutes the body taking a vote, at a meeting, to declare their support for the candidate.
